

CAREERS AT KC GROUP SHIPPING

Logistics Co-ordinator

Location: Glasgow, hybrid working available

Contract: Full time, 9.00am to 5.00pm; part-time working may be considered

Salary: Dependent on experience

The Role

Keeping an international shipment moving takes more than arranging transport.

It means staying close to the detail: schedules, consignment documentation, customers and partners involved, and responding clearly when plans or priorities change.

We have an opportunity for a Logistics Co-ordinator to join our Operations team.

You'll coordinate shipments from booking through to final delivery. You'll work directly with customers, suppliers, carriers and KC Group Shipping's international network of overseas partners, helping to keep each stage planned, compliant and progressing correctly.

This role would suit someone who understands freight forwarding and enjoys taking ownership of the detail. You'll be comfortable managing competing priorities, communicating with different people and finding practical solutions if issues arise.

You'll have responsibility for your own work, with the support of an experienced and collaborative team around you.

What You'll Bring

- A good understanding of freight forwarding and international shipping.
- Strong customer service and written and verbal communication skills.
- Confidence when working with customers, suppliers, overseas partners and relevant authorities.
- Excellent organisation and the ability to manage several priorities and deadlines.
- Good numerical skills and an understanding of customs clearance and freight documentation.
- Accuracy and close attention to detail.
- A proactive approach to resolving problems and escalating issues when needed.
- Confidence using Microsoft Office and freight-forwarding systems.
- The ability to work independently and contribute as part of a team.
